WHISKEY

WHISKY VS. WHISKEY: THE BATTLE OF THE ‘E’

Care for a shot of spelling to go with your whisk(e)y? Whisky from Scotland, Canada and Japan is spelled without an “e.” Whiskey from the United States and Ireland (almost) always has an “e.”

SCOTCH WHISKY

Scotch Whisky is big on musts: must be made in Scotland;
must be aged at least three years and one day in oak;
must come from fewer than 100 distillers. Often smoked
over peat for its signature flavor.
